Mishicot Historical Museum and Research Center

The Mishicot museum to explore Village's Saxony roots --

The Mishicot Historical Museum is interested in creating an exhibit for the upcoming 2018 season on the state of Saxony, Germany.

Many early settlers in the village originated from this region of Germany and it is where we get the names for our present-day Saxonburg Road and hill, just east of downtown.

The museum would like to identify families from the Saxony area, the approximate date they arrived in Mishicot and the location in Saxony from which they left. Information can be emailed to jim_sustman@yahoo.com or brought in to the Village Hall. Take some time this winter to research your family's lineage – you might be surprised what you learn! The museum thanks you in advance for your help in preserving the history of our community.

The Museum will have a sign-up for the one day Pow-Wow heritage trip to the Land of Mishicott beginning April 15, 2018. The Pow-Wow is scheduled for June 16, 2018. The Museum will also be starting an Oral History Program wherein the Museum will be taping area folks who have interesting stories. We hope this program will begin in spring. Contact us at 920-755-3411 with your ideas.

STATE HISTORICAL MARKER UPDATE. A 29 page application was submitted the first week of October, 2017. Since then the state requested a letter from the Department of Transportation granting permission for the marker to be placed along State Highway 147 (Main St.), they also requested a letter from the Village board assuring that the village will assume perpetual care of the marker and surroundings. We were told that the text submitted application would require time to validate. We have had no further reply as we await final approval. The Hannahville Indian Community did grant their support of the text.

Mishicot High School Music Theater.

(Contributed by Tracy Bauer, Mishicot High School English Language Arts Teacher/Musical Director)

We have some exciting things happening in Mishicot High School Music Theater that I would love to tell you about.

Over the past three and a half years, the Mishicot High School Music Theater program has grown from 22 students involved to over one third of the high school involved. Our mission is to use theater to enrich lives in Mishicot and Manitowoc County whether it be from actively participating in productions, viewing productions, or becoming a business partner. Through theater, students learn about life experience and culture as well as skills needed in college and the work place. Students improve confidence, public speaking, creative problem solving, motivation and commitment, teamwork, time-management, and much more. We hope to create quality entertainment and a legacy of performing arts for generations to come.

Anyone interested in joining the Mishicot Middle School or High School musical production team in the areas of costuming, set construction, scenic design, technical theater, prop construction and design, business partnerships, fund raising, or the Performing Arts Booster organization, please contact Tracy Bauer (Theater Director) at tbauer@mishicot.k12.wi.us or 920-755-3293.

The following photo is the Cast of *Fiddler on the Roof*. The production ran last November and was presented to over 900 community members over three shows, all of which received standing ovations. When we work together, anything is possible.

Dillon's Law Signed into Effect

On December 11, 2017, Wisconsin Gov. Scott Walker marked a major milestone for the community of Mishicot by signing "Dillon's Law" into effect at Mishicot High School. Community members, school district staff and students were present as the Governor signed the bill named in honor of Dillon Mueller, which allows anyone with proper training to carry an epinephrine auto-injector for allergic reaction emergencies. This victory comes as the result of substantial efforts from Dillon's parents, George and Angel Mueller, as well as State Rep. Andre Jacque. George and Angel Mueller have turned their personal tragedy into life-saving for others. The training is offered at no cost by George and Angel Mueller. Please contact them at 920-905-3863 or visit their website at www.epifordilly.com. Next training class will be on Saturday, February 17 at 2 PM at Mishicot Main Street Coffee Haus & Bistro located at 447 East Main Street, Mishicot, WI.

Mishicot Maintenance–Snow Removal

Hello to all Village of Mishicot property owners. Many questions have come up regarding snow removal policies within the Village of Mishicot. The following is the village's ordinance concerning sidewalk snow removal.

6.08 Snow and Ice Removal. (1) From Sidewalks. The owner or occupant of any lot abutting on a public sidewalk shall clear the sidewalk of snow within 24 hours after a snowfall and keep the same free of ice. If such snow or ice is not removed as required herein the Public Works Supervisor shall cause same to be done and the cost thereof assessed against the abutting property pursuant to Section 66.60(16), Wisconsin Statutes. (12-03-96)

I would like to add that the entire width of the sidewalk should be cleared.

(2) Deposit in Streets Prohibited. It is unlawful for any person in clearing snow from parking lots, driveways, filling stations, garages, retail stores, apartment buildings, or other areas to pile or distribute snow, or cause snow to be piled or distributed, in a street or alley in any manner that tends to narrow the traveled portion of the street, prevent parking at the curb, or in any other way impede snow removal or create a traffic hazard. Persons having an accumulation of snow that cannot be removed as set forth in the Section shall be responsible for its handling at their own expense without depositing same in the public streets or alleyways. (12-03-96)

Also, remember that the village has a winter parking ban between the hours of 2:00 a.m. and 7:00 a.m. during the months of December 1 through March 31.

This approval was received via a letter dated March 14, 2005 and signed by Kenneth Meshigaud, Tribal Chairperson of the Hannahville Indian Community. The letter read as follows: “May this correspondence demonstrate the Hannahville Indian Community’s written support of the Village of Mishicot, Wisconsin and their desire to retain the mascot of the Mishicot Indians and the logo of an Indian headdress. The Hannahville Indian Community is a Federally recognized Indian Tribe under the Indian Reorganization Act of June 18, 1934, “48 Stat. 984”, as amended by the Act of July 15, 1935, “49 Stat. 378.” And it is our desire to continue to honor Abraham Mishicot, who this village was named after as he is the grandfather of our community and using his name and the native head dress is an honor to our people. Our community has had a long relationship with the Mishicot Village and we feel strongly that the Mishicot Indian Mascot and the Indian headdress logo continue and we will work with them to ensure that our culture is respected and promoted through this effort. Please accept our support for this effort.”

Do You Remember?

The Mishicot High School Building turned 60 on January 5, 2018. The public was invited to an open house on that day 60 years ago. At the open house, the structure had been completed to the point of being completely roofed in with an operational heating system. The building was constructed at a cost of \$605,000. The same building still serves the community today, and remains one of Mishicot's largest construction projects to date. Last year significant updates were made to all district buildings to keep the facilities in good condition for the next 60 years.

The Mishicot Education Association and O.H. Schultz Parent's Group will hold the second annual COLOR ME FUN-5K Run/Walk on May 12, 2018. Mark your calendars today, as registration for the event will begin in late January or early February. More details will be released in upcoming weeks. The event is open to students, staff, family, friends and the public.
